JOB REFERENCE: SECURITY OPERATIONS CENTER ANALYST II

Dear Hiring Manager,

I am writing to express my enthusiastic interest in the Cybersecurity Analyst position at the Center for Internet Security (CIS), as recently advertised.

In my current role as an Information Security Analyst at Point Loma Nazarene University and my prior experience as a SOC Analyst at FIT Cybersecurity, I have accumulated a wealth of relevant experience. Notably, I hold certifications including CompTIA's Network+, Security+, and ISC2's CC, which highlight my commitment to continued learning outside of my bachelors in Cyber Security.

I am excited about the opportunity to bring my extensive technical skills, real-world experience, and passion for cybersecurity to the dynamic environment at CIS.

Thank you for considering my application. I look forward to the possibility of discussing how my skills and experiences align with the needs of the Center for Internet Security.

Sincerely,

Luke LeCain
